

January 19, 2012

Don Manzullo
Member of Congress - 16th District (IL)

Dear Congressman Manzullo

It is my honor to inform you that the board of directors of Illinois Citizens for Life, federal PAC has voted to endorse your re-election for United State Congressman of the 16th District from Illinois.

We are aware that throughout your years in the U.S. House of Representatives, you have had a 100% pro-life voting record. Additionally, we know that you have been a sponsor or co-sponsor of numerous pro-life and child sexual abuse protection legislation.

Your commitment to Life also extends in helping the woman in a "crisis pregnancy" when you and your wife, Freda, helped co-found a crisis pregnancy center that serves Rockford and the northwest Illinois region.

All of these fine accomplishments are what leads us to a determination that you are certainly deserving of our endorsement for re-election in the 2012 elections.

Please let us know how we may help with your re-election efforts.

Best wishes
